Statement of Purpose

Along with your application please submit to your Human Resources Department a one-page statement of purpose outlining why you are interested in the Vogt Fellowship. This statement should outline your commitment to higher education, your institution, and The Boston Consortium. Describe the leadership competencies you would like to develop as a result of the Fellowship opportunity.

Part of the Fellowship will involve designing a change project. Although your idea will not likely be formed at this stage, describe the project you might like to pursue as part of your Fellowship experience. Describe how the Fellowship experience will help you serve as a grassroots activist and how your contributions will span across organizations and functions at your institution.
